

NEET Biology: Human Reproduction – Final Premium

Premium Practice Module (25 Questions)

Q1. Fertilization occurs in ampulla of fallopian tube

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q2. LH surge triggers ovulation

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q3. Spermatogenesis occurs in seminiferous tubules

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q4. Human gametes are haploid

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q5. Acrosome contains enzymes for penetration

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q6. Corpus luteum secretes progesterone

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q7. Implantation occurs in endometrium

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q8. Placenta helps in exchange of nutrients and gases

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q9. Testosterone is main male hormone

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q10. Oogenesis completes meiosis after fertilization

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q11. Zona pellucida prevents polyspermy

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q12. Capacitation occurs in female tract

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q13. GnRH released from hypothalamus

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q14. FSH stimulates follicle growth

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q15. Leydig cells produce testosterone

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q16. Seminal fluid is alkaline

- A. Correct statement
- B. Incorrect statement

- C. Partially correct
- D. Irrelevant

Q17. Prostate secretes enzymes

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q18. Menstrual cycle ~28 days

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q19. Estrogen dominates follicular phase

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q20. Progesterone dominates luteal phase

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q21. Blastocyst has ICM and trophoblast

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q22. Amniotic fluid protects embryo

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q23. Identical twins from one zygote

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q24. IUD prevents implantation

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Q25. Vasectomy blocks vas deferens

- A. Correct statement
- B. Incorrect statement
- C. Partially correct
- D. Irrelevant

Detailed Solutions

Q1: A

Concept derived from NCERT human reproduction chapter.

Q2: A

Concept derived from NCERT human reproduction chapter.

Q3: A

Concept derived from NCERT human reproduction chapter.

Q4: A

Concept derived from NCERT human reproduction chapter.

Q5: A

Concept derived from NCERT human reproduction chapter.

Q6: A

Concept derived from NCERT human reproduction chapter.

Q7: A

Concept derived from NCERT human reproduction chapter.

Q8: A

Concept derived from NCERT human reproduction chapter.

Q9: A

Concept derived from NCERT human reproduction chapter.

Q10: A

Concept derived from NCERT human reproduction chapter.

Q11: A

Concept derived from NCERT human reproduction chapter.

Q12: A

Concept derived from NCERT human reproduction chapter.

Q13: A

Concept derived from NCERT human reproduction chapter.

Q14: A

Concept derived from NCERT human reproduction chapter.

Q15: A

Concept derived from NCERT human reproduction chapter.

Q16: A

Concept derived from NCERT human reproduction chapter.

Q17: A

Concept derived from NCERT human reproduction chapter.

Q18: A

Concept derived from NCERT human reproduction chapter.

Q19: A

Concept derived from NCERT human reproduction chapter.

Q20: A

Concept derived from NCERT human reproduction chapter.

Q21: A

Concept derived from NCERT human reproduction chapter.

Q22: A

Concept derived from NCERT human reproduction chapter.

Q23: A

Concept derived from NCERT human reproduction chapter.

Q24: A

Concept derived from NCERT human reproduction chapter.

Q25: A

Concept derived from NCERT human reproduction chapter.
